

When a loan comes from a TPG Approved Lender, it goes out and doesn't come back.

TPG Approved Lenders originate higher quality loans than lenders who aren't certified by The Prieston Group. That's because this exclusive group of lenders has access to a powerful suite of solutions proven to significantly reduce their incidence of fraud. TPG Approved Lenders—those who commit to meeting the highest professional standards—receive training and education that teaches them how to detect and prevent fraud. And if fraud does manage to get through, the insurance and legal portions of the suite step in to mitigate losses and go after the perpetrators directly. That means TPG Approved Lenders send out quality loans—the type that don't come back.

To distinguish your company by sending out high quality loans, call 800.523.7713 to learn more about becoming TPG Approved.

TPG Approved Lender is an exclusive designation that the lender is committed to meeting the highest professional standards for quality, integrity, and performance.

"Because quality loans come from quality lenders."™
